REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The amendment to the claim languages has overcome the prior Art reference because among other things, the prior art does not teach the specific limitations where "a caulking device caulking the end portions of the respective two component holding tapes and the connecting member which are held by said holding device, by causing at least one of the plurality of caulking claws of the connecting member to pierce through each of the end portions of the respective two component holding tapes, and deforming the at least one of the plurality of caulking claws of the connecting member, wherein said supplying device includes a rotary body positioning the plurality of connecting members one by one in a predetermined position wherein said rotary body is rotated about a rotary axis thereof by a predetermined angle when operated to position each one of the plurality of connecting members in said predetermined position" these in combination w/ the rest of the claimed limitations (see amended claim 1).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
